

# BLUE YARD

BlueYard invests in founders with transforming ideas that decentralize markets and empower humanity.

What if we could untangle software monopolies and liberate data?

What if we could solve our largest planetary challenges?

**MEATABLE**

**POSITIVE**

What if we could free our economies of gatekeepers?

## Pitch

**VECTARY**

**SPACEKNOW**

What if we could live forever?

**bit bio**

**hummm**

**BLUE  
YARD**

## What if we could solve our largest planetary challenges?

**MEATABLE**

Enabling an animal free economy

Making quantum computing a reality

**POSITIVE**

Empowering everyone to eat healthy

Providing abundant, safe energy with laser-induced fusion

E-bike based clean urban transportation movement

# BLUE YARD

## What if we could free our economies of gatekeepers?

Building the fabric of a decentralized web

A safe and resilient storage network for humanity's data

Ensuring the web3 economy is safe

A decentralized backbone for the world's code base

Interconnected tools for the decentralized web

p2p financial liberty platform

Providing finance to un-banked supply chains

Crypto currency with strong governance

**BLUE  
YARD**

## What if we could live forever?

**bit bio**

Breakthrough therapies through programmable stem-cells

**hummm**

Empowering everyone to enhance their neuro-capabilities

**BIOFIDELITY**

Democratizing accurate and affordable cancer diagnostics

**Rarebase**

Enabling rare disease therapy breakthroughs

BLUE  
YARD

## What if we could untangle software monopolies and liberate data?

**Pitch**

Making building presentations fun and collaborative

**Autocode**

Empowering the next million developers

**Next Matter**

The next-gen company operating system

**GRID**

Unleashing data hidden in spreadsheets

**VECTARY**

Enabling 2D designers to become 3D designers

**wonder**

The place for large groups online

**SPACEKNOW**

Understand economies through satellite data
